

Calling all doctors who scuba dive

Want to know more about the medicine of
diving?

Why not join SPUMS?

Aims of the Society:

- To promote and facilitate the study of all aspects of underwater and hyperbaric medicine
- To provide information on underwater and hyperbaric medicine
- To promote communication between members of the Society and to publish a scientific journal

Membership

Full membership is open to Medical Practitioners. Associate Membership is open to those engaged in research in underwater or hyperbaric medicine who are not medical practitioners; other health-care workers; those in the dive industry and anyone else interested in the aims of the Society.

Membership details, including annual subscriptions for different membership types, are available on the SPUMS website. The Society's financial year is January to December.

Those interested in joining SPUMS should complete an on-line application form, or contact the SPUMS Administrator at :
<admin@spums.org.au>

Annual Scientific Meetings

Join us for our annual meeting where original research, reviews and workshops investigate the cutting edge of diving and hyperbaric medicine, while keeping you in touch with evolving technical issues.

The meetings usually involve an eminent international guest speaker, didactic presentations, original papers, workshops on specific topics and a full diving programme at prime diving locations in the Pacific and Indian Ocean.. The setting is informal and a great opportunity to meet colleagues with similar interests. In 2017, the meeting will be held in Bali (go to SPUMS website for details).

DIVER EMERGENCY SERVICE PHONE NUMBERS

1-800-088-200 (in Australia; toll-free)

+61-8-8212-9242 (International)

0800-4DES-111 (in New Zealand; toll-free)

+64-9-445-8454 (International)

These services are available for all urgent medical diving problems

SPUMS DIVING DOCTORS LIST

SPUMS maintains a list of financial members in Australia and New Zealand who are available to do diving medicals.

To be on this list you must have completed an approved course in Underwater Medicine.

For more information about the **SPUMS Diving Doctors List** go to the SPUMS website or contact the SPUMS Administrator at
<admin@spums.org.au>

Diving and Hyperbaric Medicine

SPUMS and the European Underwater and Baromedical Society publish *Diving and Hyperbaric Medicine* (DHM), a quarterly journal of original clinical and physiological research papers, review articles, case reports, technical reports, proceedings from the annual scientific meetings and other educational material.

Diving and Hyperbaric Medicine

The Journal of the South Pacific Underwater Medicine Society
and the European Underwater and Baromedical Society
