EUBS

‘Yo-yo’ diving in the aquaculture industry

Echocardiography gives new insights into HBO physiology

Transcutaneous oxygen values in legs of healthy subjects

Grommets for middle ear barotrauma in HBOT patients

Danish physicians want more evidence for HBOT in ORN

Splenic platelets may not contribute to DCS in rats

Cortisol changes after warm-water scuba dives

CONTENTS

Diving and Hyperbaric Medicine Volume 44 No. 3 September 2014

Editorials

- 121 **The Editor's offering**
122 **Is there a need for more diving science for divers?**
Costantino Balestra
123 **SPUMS President's message**
David Smart

Original articles

- 124 **Field validation of Tasmania's aquaculture industry bounce-diving schedules using Doppler analysis of decompression stress**
David R Smart, Corry Van den Broek, Ron Nishi, P David Cooper and David Eastman
137 **Retrospective review of grommet procedures under general versus local anaesthesia among patients undergoing hyperbaric oxygen therapy**
Laura Lamprell, Derelle Young, Venkat Vangaveti, John Orton and Anand Suruliraj
141 **The cardiac effects of hyperbaric oxygen at 243 kPa using in-chamber echocardiography**
Ian C Gawthrope, David A Playford, Benjamin King, Kathryn Brown, Catherine Wilson and Barry McKeown
146 **Transcutaneous oximetry: normal values for the lower limb**
Denise F Blake, Derelle A Young, and Lawrence H Brown
154 **Effect of splenectomy on platelet activation and decompression sickness outcome in a rat model of decompression**
Kate Lambrechts, Jean-Michel Pontier, Aleksandra Mazur, Peter Buzzacott, Christelle Goanvec, Qiong Wang, Michaël Theron, Marc Belhomme and François Guerrero

Short communication

- 158 **The effect of air scuba dives up to a depth of 30 metres on serum cortisol in male divers**
Rasool Zarezadeh and Mohammad Ali Azarbayjani

Case report

- 161 **Hyperbaric oxygen treatment for unilateral testicular torsion in a child**
Bilal Firat Alp, Gamze Cebi, Adem Özdemir, Hasan Cem Irkilata and Günalp Uzun

The world as it is

- 163 **Survey of referral patterns and attitudes toward hyperbaric oxygen treatment among Danish oncologists, ear, nose and throat surgeons and oral and maxillofacial surgeons**
Lone Forner, Anne Lee and Erik Christian Jansen
167 **The silent witness: using dive computer records in diving fatality investigations**
Martin DJ Sayer and Elaine Azzopardi
170 **British Sub-Aqua Club (BSAC) diving incidents report 2013**
Brian Cummings, summarised by Colin Wilson

Letters to the Editor

- 172 **The effect of vinegar on discharged nematocysts of *Chironex fleckeri***
Angel A Yanagihara and John J Chen
172 **Reply:**
Philippa Welfare, Mark Little, Peter Pereira and Jamie Seymour
174 **Measuring aerobic fitness in divers**
Neal W Pollock and Peter Buzzacott
174 **Diving and hyperbaric medicine: an undergraduate's experience**
Michael M Modell
175 **Immersion pulmonary oedema and diving fatalities**
Sim Sai Tin

Continuing professional development

- 177 **Oxygen in wound healing**
Christian Fabricius

Reprinted from other sources

- 153 **Systematic review of the effectiveness of hyperbaric oxygenation therapy in the management of chronic diabetic foot ulcers**
Liu R, Li L, Yang M, Boden G, Yang G
166 **Influence of repeated daily diving on decompression stress**
Zanchi J, Ljubkovic M, Denoble PJ, Dujic Z, Rañapurwala SI, Pollock NW

Obituary

- 179 **Thomas Richard Hennessy, 1940–2014**

SPUMS notices and news

- 180 **Douglas Walker, Life Member of SPUMS**
181 **SPUMS Diploma in Diving and Hyperbaric Medicine**

EUBS notices and news

- 182 **41st EUBS Annual Scientific Meeting 2015**
182 **Courses and meetings**

Diving and Hyperbaric Medicine is indexed on MEDLINE, SciSearch® and Embase/Scopus
